FROM THE EDITOR

With the changing of the seasons, so too does a change occur with the NPMAS newsletter editor position. After four years, Wayne Kuhn has decided to step down as our editor.

Wayne has served as our editor for over 4 years and has done a great job of putting together the newsletter during that time. Next time you see him, please let him know that his service was appreciated. Thanks Wayne!

With that, I would like to introduce myself as your new newsletter editor. Other than the May 2003 issue, I have never done this before and am looking forward to the challenges that come with putting this together.

With new editors, come new looks and new ways of doing things. Don't be surprised if you see

some changes to the newsletter in the future. With my new software to arrive in the next week, I'll be able to put together a newsletter that's easier in design and readability than this issue. ☺

The purpose of *The Eyepiece* is to communicate information and experiences relating to astronomy and our events with other members. This newsletter will not be a public forum for airing personal opinions or viewpoints of other members or the club in general.

I hope that each of you will think about contributing an article for the newsletter in the future. It needn't be long or technical. A paragraph on something you observed, attended or used would be welcome.

Articles will be accepted no later than the second Wednesday of the month prior to publication. If you have any questions, please let me know at kdewitt@netnet.net or call me after 6:00 p.m. at 405-8534. ▲

JULY NPMAS MEETINGS

July 9th - Monthly Meeting at the Neville Public Museum starting at 7:00 p.m. Our speaker for the evening will be Jim Sentowski. His talks are always educational and entertaining. Pizza at Happy Joe's to follow. Everyone is invited.

July 30th - NPMAS Board Meeting will be held at 7:00 pm at Gerry Kocken's office. All board members are asked to attend. General membership is also invited to sit in on the meeting.
